#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member CAIS Capital, LLC New York, New York

#### **Opinion on the Financial Statement**

We have audited the accompanying statement of financial condition of CAIS Capital, LLC as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of CAIS Capital, LLC as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

This financial statement is the responsibility of CAIS Capital, LLC's management. Our responsibility is to express an opinion on CAIS Capital, LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to CAIS Capital, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Lilling & Company LLP

We have served as CAIS Capital, LLC's auditor since 2013.

Port Washington, New York February 27, 2018

#### 1. Organization

CAIS Capital, LLC or the "Company" is a limited liability company established in the state of Delaware on July 27, 2009. The Company is registered as a securities broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

On November 30, 2017, Capital Integration Systems, LLC ("CAIS LLC"), an affiliated entity established in the state of Delaware, acquired all interests of the Company.

During 2017, the Company's revenues were mostly derived from selling interests in private fund conduits, selling structured product notes, and participation as a selling group member in underwritings. The Company's headquarters is located in New York, NY and its customers are primarily located throughout the United States.

The Company does not carry securities accounts for customers or perform custodial services and, accordingly, claims exemption from Rule 15c3-3 of the Securities Exchange Act of 1934. There were no subordinated borrowings for the year ended December 31, 2017.

#### 2. Summary of Significant Accounting Policies

#### **Basis of Presentation**

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including private placement of securities, agency transactions, and firm commitment underwritings as a selling group participant on a best efforts basis only.

#### **New Accounting Pronouncement**

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers: Topic 606 (ASU 2014-09) to supersede nearly all existing revenue recognition guidance under U.S. GAAP. In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers: Deferral of the Effective Date (ASU 2015-014), which deferred the effective date for implementation of ASU 2014-09 by one year and is now effective for annual reporting periods beginning after December 15, 2017, with early adoption permitted but not earlier than the original effective date. The Company has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

#### Cash

Cash consists of cash in banks, primarily held at one financial institution and at times may exceed federally insured limits. The maximum insurable limit on cash deposits is \$250,000. Cash in excess of the insurable limit was \$1,272,012 as of December 31, 2017. The Company reduces its exposure to credit risk by depositing its cash with high credit-quality financial institutions. Management believes that the credit risk of the uninsured portion is not material.

#### **Accounts Receivables**

Accounts receivable are stated at their net realizable value, which represents the account balance, less an allowance for balances not partially or fully collectable. The Company considers a receivable uncollectible determined by a variety of factors, including the age of the receivables, current

economic conditions, historical losses and other information management obtains regarding the financial condition of its clients. In addition, in certain cases management may determine that collection will not be realized, in which case either a direct charge-off is recorded or the allowance previously established is relieved. Management did not believe an allowance to be necessary as of December 31, 2017.

#### **Revenue Recognition**

The Company recognizes revenues in accordance with ASC Topic 605, "Revenue Recognition", which stipulates that revenue generally is realized or realizable and earned, once persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the fee is fixed or determinable and collectability is assessed as probable. Deferred revenue is based on amounts received not yet earned.

Underwriting revenue arising from securities offerings in which the Company acts as an agent are recorded on a trade-date basis as securities transactions occur.

Direct selling agreement and listing fees revenue consists of revenue received from Investment Managers for introducing their funds to CAIS clients, listing their funds on the CAIS Portal, and servicing fee equal to the funds' pro-rata share of platform costs.

#### **Income Taxes**

The Company is organized as a limited liability company and was recognized as a partnership for income tax purposes through November 30, 2017. The Company became wholly owned by CAIS LLC on November 30, 2017, after which the Company is considered a disregarded entity for federal and state income tax purposes and is included in the income tax returns filed by CAIS LLC. No provision has been made for federal and state income taxes, since these taxes are the personal responsibility of the members. However, the Company's income is subject to New York City Unincorporated Business Tax and provisions for such taxes are made by the Company when necessary.

The Company recognizes the effect of tax positions only when they are more likely than not to be sustained under audit by Taxing Authorities. At December 31, 2017 the Company did not have any unrecognized tax benefits or liabilities. The Company operated in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

#### **Use of Estimates**

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from these estimates.

#### 3. Guarantees

ASC Topic 460, "Guarantees" requires the disclosure of representations and warranties which the Company enters into which may provide general indemnifications to others. The Company in its normal course of business may enter into other legal contracts that contain a variety of these representations and warranties that provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. However, based on its experience, the Company expects the risk of loss to be remote.

#### 4. Receivable from and Payable to Broker-Dealers and Clearing Organization
